

Press Release

Cipla receives final approval for generic version of Proventil® HFA Inhalation Aerosol (Albuterol Sulfate Inhalation Aerosol 90mcg (base)/actuation)

Mumbai, India; April 9, 2020: Cipla Limited (BSE: 500087; NSE: CIPLA EQ; and hereafter referred to as "Cipla") today announced that it has received final approval for its Abbreviated New Drug Application (ANDA) for Albuterol Sulfate Inhalation Aerosol 90mcg (base)/actuation, from the United States Food and Drug Administration (US FDA).

Cipla's Albuterol Sulfate Inhalation Aerosol 90mcg (base)/actuation, is the first AB-rated generic therapeutic equivalent version of Merck Sharp & Dohme Corp's Proventil® HFA Inhalation Aerosol. It is used for treatment of acute episodes of bronchospasm or prevention of asthmatic symptoms.

According to IQVIA (IMS Health): Proventil® HFA Inhalation Aerosol and its authorized generic equivalent had US sales of approximately \$153M for the 12-month period ending February 2020. The entire Albuterol Sulfate HFA Inhalation Aerosol market had US sales of approximately \$2.8 Billion for the 12-month period ending February 2020.

Umang Vohra (MD and Global CEO, Cipla Limited) said, "We are pleased to receive the final approval for generic Albuterol MDI from the USFDA. This further strengthens our presence in the US market. Albuterol is the first generic metered dose inhaler of Proventil® HFA Inhalation Aerosol ever approved by FDA in the US and Cipla's first device-based inhalation product in the market. This development reiterates our commitment of strengthening our respiratory franchise and will further solidify our position as lung leader globally. We will

continue to build on our portfolio of drug-device combinations in the respiratory space to serve the unmet needs of our patients across markets."

We are planning shipments in a staggered manner. We are also ensuring that we do our bit by donating the product in this time of need.

About Cipla:

Established in 1935, Cipla is a global pharmaceutical company focused on agile and sustainable growth, complex generics, and deepening portfolio in our home markets of India, South Africa, North America, and key regulated and emerging markets. Our strengths in the respiratory, anti-retroviral, urology, cardiology, anti-infective and CNS segments are well-known. Our 46 manufacturing sites around the world produce 50+ dosage forms and 1,500+ products using cutting-edge technology platforms to cater to our 80+ markets. Cipla is ranked 3rd largest in pharma in India (IQVIA MAT Feb'20), 3rd largest in the pharma private market in South Africa (IQVIA MAT Feb'20), and is among the most dispensed generic players in the U.S. For over eight decades, making a difference to patients has inspired every aspect of Cipla's work. Our paradigm-changing offer of a triple anti-retroviral therapy in HIV/AIDS at less than a dollar a day in Africa in 2001 is widely acknowledged as having contributed to bringing inclusiveness, accessibility and affordability to the centre of the HIV movement. A responsible corporate citizen, Cipla's humanitarian approach to healthcare in pursuit of its purpose of 'Caring for Life' and deep-rooted community links wherever it is present make it a partner of choice to global health bodies, peers and all stakeholders.
