## About Cipla Patalganga

---

Inaugurated in 1984, Cipla Patalganga units are located in Raigad, Maharashtra, and spans 28 acres in an industrial zone, developed by the Maharashtra Industrial Development Corporation (MIDC). One of the largest pharmaceutical units in the area, it has a combination of both Active Pharmaceutical Ingredients (APIs) and formulation facilities.

Our site in Patalganga is amongst Cipla's 40+ manufacturing units around the world. Cipla is a global pharmaceutical company that produces 50+ dosage forms and 1,500+ products. We are committed to ensuring access to high quality and life-saving medicines.

I speak for every Ciplaite when I say that we are united in our quest to care for every life. Through our Foundation, we support initiatives that advance access to quality healthcare and education. I am proud to be a volunteer and am inspired by our communities every day.

# About Cipla Foundation

Cipla's vision for an equitable world is built on the foundation of 'Caring for Life.' At Cipla, we recognise the importance of building long-term relationships with all our stakeholders and working collaboratively to achieve positive social change. Our work in the community is carried out through Cipla Foundation. The Foundation works with credible institutions, NGOs, government agencies and domain experts to enhance the outreach of our CSR initiatives.

Cipla Foundation works across four focus areas: Health, Education, Skilling and Disaster Response.

## Leader's Speak

Cipla as an organisation puts great emphasis on giving back to society. Through our Foundation, we are engaged in various initiatives, connecting each of us directly to those in need in the surrounding communities.

**Parag Deshmukh**  
Site Head

Every year, we strengthen our initiatives to truly mirror the values of Cipla and strive to take compassionate care closer to communities.

Together with our partners, we have been working to bring quality health, skilling and education within the reach of vulnerable communities.

# HEALTH

## Driving Healthcare Home

Launched in partnership with HelpAge India in 2014, our Mobile Healthcare Unit (MHU) provides free-of-cost primary healthcare to the doorstep of vulnerable and under-served areas across 30+ villages.

Each MHU has a doctor, pharmacist and social protection officer providing healthcare consultations that include diagnosis, treatment and referrals for patients especially women, children and the elderly. In addition, the MHU drives awareness of preventive measures and creates linkages between communities and the Government health system.

82-year-old Yesubai Patil has been living alone ever since she lost her husband 35 years ago. As age caught up, Yesubai suffered from hypertension and joint pains, unable to walk to buy herself medicines. With the MHU driving regularly to her village, she now gets her medicines delivered to her doorstep.

## EDUCATION

### Digital Learning Education & Development (D-Lead)

With a goal to make education inclusive and equitable for all children, we launched a digital literacy initiative. D-Lead gives a seamless digital learning experience to students by providing tablets pre-loaded with content in regional languages for classes 9 and 10, structured to the state board curriculum.

Distributed to children from government and government-aided schools near Cipla units, this initiative advances the government's National Education Policy which emphasises digital education. During COVID-19, this digital access gave our children the tools to continue learning even as schools remained closed.

tablets

I was out of school for a very long time during the lockdown but now I continue learning and understand the difficult subjects with ease as my tablet is pre-loaded with interactive content in Marathi. I have scored better this year because I now have access to a wide variety of topics.

## Mobile Science Lab (MSL)

To make the learning process for children integrated and engaging, we partnered with Agastya International Foundation in 2017. We support the MSL programme, reaching out to students across 19 schools.

The MSL travels to the doorstep of schools near Cipla Patalganga units, with the objective to minimise rote learning and encourage holistic development using critical thinking, creativity and digital literacy. Through hands-on, relevant and low-cost science modules this initiative seeks to engage students deeply in the sciences and the application of science in everyday life.

### Community Engagement and Teachers' Training

Besides school-based engagement, MSLs also go directly to communities and engage people in the wonders of science, sparking interesting conversations and learning. Teacher training modules are also a critical component of this programme as it empowers teachers to learn low-cost model-making and interactive teaching techniques that promote curiosity and interest in science.

## Recognising merit since 2009

Every year, we give **merit awards** to children from communities and schools in and around our Cipla units. This is a long-standing and valued tradition that salutes the spirit and hard work of the students. Against all odds, these children strive for excellence and we encourage and applaud their efforts.

While the top three students receive this award at a special ceremony to felicitate them and honour their teachers, it is an equally important day for every single person in attendance. Most of the awardees are first-generation learners and consider this award as a wonderful recognition of their efforts and a way to continue their education.

Ciplaites come together at these ceremonies with great pride to award the winners and felicitate their teachers. Our admiration for the children, their families and teachers is acknowledged and expressed, making these events memorable for all.

## Disaster Response

Standing by communities in natural disasters  
Building resilience for the future

We support communities with immediate relief during natural disasters. In 2021-2022, our work included flood relief in Tamil Nadu and Kerala, shelter and relief material distribution for the Mumbai landslide, as well as support during the Mahad and Chiplun floods. In Odisha, in collaboration with HelpAge India and the local administration, we distributed hygiene kits, face masks and dry ration during Cyclone Yaas.

# Cipla Palliative Care & Training Centre, Warje, Pune

Rooted in our legacy of care for the last 25 years

The diagnosis of a serious illness makes relentless physical, emotional and financial demands, not only on patients but also on their loved ones. It was to support them in their most difficult times that **Cipla founded the Palliative Care & Training Centre in 1997 in Warje, Pune**. Since then, we have served over **20,000 patients and their families** free of cost.

Today, we have **24 partners** across **18 cities** in India providing palliative care services. Together, we launched the **Saath Saath** helpline (**1800-202-7777**). This national toll-free number is staffed by trained palliative care volunteers who listen, assess, and link callers to the nearest palliative care provider. **Saath Saath** could make all the difference to someone who might be in pain and needs support. We hope that everyone will play their part in spreading awareness about the helpline.

## Cipla for Change

Ciplaites across India shared their time and skills for causes they felt most passionately about

Caring is deeply ingrained in our DNA and our compassionate approach towards people, the planet and purpose have been the force driving our history over the years. At Cipla Foundation, we endeavour to serve the communities in collaboration with like-minded partners and institutions.
