1.

Message from the Global CFO

**Ashish Adukia**

Global Chief Financial Officer

I am pleased to present Cipla's fifth Tax Transparency Report.

Guided by its purpose, 'Caring for Life', Cipla's 90-year commitment to advancing healthcare has significantly impacted patients worldwide.

We understand that taxes are essential for maintaining a functioning society, ensuring public services and infrastructure are available to citizens and for supporting economic growth. We recognize our responsibility as a compliant taxpayer in the countries we operate and contribute our fair share in doing so.

By disclosing our tax information, we aim to build trust with our stakeholders and contribute to a more transparent and responsible business environment.

Our Tax Transparency Report showcases our commitment to responsible tax practices and outlines our tax payments and contributions.

FY 2024–25 at a glance

28

countries where we operate

Total taxes paid

₹2007 Crores

includes corporate taxes on profits, as well as other direct and indirect taxes levied on our activities.

45,000+

Employees (including contractual employees) worldwide

Total taxes collected

₹3861 Crores

includes amounts that we collected on behalf of others – for example our customers, suppliers and employees – and paid to governments.

Total tax contribution

₹5868 Crores

comprises the taxes we paid and collected on our global operations.

Total tax contribution

21% of Turnover

We are committed to transparency and continuously strive to enhance our tax disclosures to provide clear and accessible information to our stakeholders.

Ashish Adukia

Global Chief Financial Officer

2. About Cipla¹

Founded in 1935, Cipla is a global pharmaceutical company dedicated to making medicines accessible to those in need.

We proudly stand as the third-largest pharmaceutical company in India² and hold second position in the prescription market in South Africa³. Additionally, we rank as the second-largest Indian exporter to emerging markets⁴, the seventh-largest Indian exporter to Europe⁴ and the fourth largest by prescription for Generic inhalation products in the US⁵. Our 46 manufacturing sites worldwide produce over 50 dosage forms and more than 1,500 products, utilising advanced technology platforms to serve 74 markets⁶.

Our diverse product portfolio includes complex Generics and medications in key therapeutic areas such as respiratory, anti-retroviral, urology, cardiology, anti-infectives, Central Nervous System ("CNS") and more.

We remain committed to advancing our innovation capabilities by harnessing data science and digital technology in our R&D efforts. With a rich array of offerings, we are enhancing our presence in our home markets of India, South Africa, North America and other significant

regulated and emerging markets.

For around nine decades, the driving force behind Cipla's work has been making a difference for patients. Our groundbreaking introduction of triple anti-retroviral therapy for HIV/AIDS at less than a dollar per day in Africa in 2001 is widely recognised for promoting inclusiveness, affordability and accessibility at the heart of the HIV movement.

Our commitment to efficient resource utilisation, enhancing medicine availability and our robust financial

performance collectively lay a strong foundation for responsible business practices and sustainable growth. As a responsible corporate citizen and a preferred partner for global health organisations, peers and all stakeholders, we uphold a humanitarian approach to healthcare, rooted in our mission of 'Caring for Life' through strong community connections.

3. Approach to Tax

Cipla seeks to adhere with all applicable tax laws and regulations in jurisdiction in which we operate. We recognize the importance of taxes and are committed to ensure collection and payment of fair and just taxes. We strive for accuracy in all tax reporting, timely filing of all tax returns and payment of right amount of tax. All material positions taken in the tax compliance process must be supportable in terms of documentation and legal interpretation. Where a tax law or its interpretation is unclear, opinions of expert tax professionals and tax consultants having subject matter expertise is sought to determine the appropriate tax treatment. Where practical, we will engage with tax authorities in a proactive manner to seek clarification.

Accountability and governance¹

Tax decisions are made in adherence to the principles set out in the Code of Conduct. Our multi-step process ensures that tax decisions are made at appropriate levels and supported by documentation.

Seeking and accepting tax incentives

Where we claim tax incentives offered by government authorities, we seek to ensure that they are legitimate and consistent with statutory or regulatory frameworks.

Supporting effective tax systems

We engage constructively in national and international dialogue with governments, Industry association and civil society to support the development of effective tax systems based on integrity, mutual trust and cooperation.,

Compliance

We comply with the letter and the spirit of the law of the countries in which we operate and pay the right amount of tax at the right time, in the countries where we create value.

Tax Haven

We do not make investments in or via countries considered to be tax havens or low-tax jurisdictions without any valid business or commercial substance. Cipla uses OECD's definition of Tax Haven.

Business structure

We will only use business structures that are driven by economic and commercial substance. We do not seek abusive tax results.

Relationships with authorities

We seek, wherever possible, to develop constructive and cooperative relationships with tax authorities, based on mutual respect, transparency and trust.

Transparency

We maintain accountability and transparency by providing regular disclosures and information to our stakeholders, including investors, suppliers, employees and other interested parties about our approach to tax and taxes paid.

¹The Code of Conduct was approved by the Board of directors of Cipla Limited on 7 February 2018.

4. Tax Governance Framework and Risk Management

Cipla has firmly embedded its approach to tax in its organizational culture and operational framework. The company upholds a diligent and ethical stance when it comes to tax matters, ensuring compliance with relevant laws and regulations in all jurisdictions it operates. For Cipla Integrity, Transparency and Accountability are at the core of our tax objectives.

We adhere to all the applicable tax regulations and have formulated internal guidance and governance procedures relating to taxation, to ensure that the objectives are met. Cipla demonstrates its unwavering commitment to transparency and responsible tax practices by proactively publishing a comprehensive Tax Transparency Report, showcasing its tax strategy, payments, and contributions to society.

Tax affairs are managed by a Global tax team of appropriately qualified and trained professionals with the right level of expertise, who work closely with the business to provide advice and guidance and ensures compliance with tax laws and practices. Cipla's Global Tax team is part of its corporate finance function.

Our Multi step process ensures that tax decisions are made at appropriate levels. As a process, tax team partners with business teams or respective departments, brainstorms on the subject, and proposes tax positions / decisions which are further being discussed with heads of respective departments. Senior Management is also consulted on critical positions and decisions taken in case of

high value transactions.

The Company has a Whistle Blower Policy, that applies to all associates, Board members, contractors, consultants, trainees, service providers of our Company. It lays down a formal process to report unethical practices behaviors and seek resolution towards the same without fear of retaliation.

We maintain a robust internal control framework for tax risk assessment. Periodic review of control is conducted by internal audit team. Cipla deploys tax technology wherever possible, thereby ensuring that it has a sustainable platform to manage the increasing demands of digitally enabled tax authorities. Internal Financial Controls and procedures are subject to periodic reviews and audits. This helps in identifying and ensuring that we comply with applicable laws and regulations.

For material transactions, where there is ambiguity on the treatment of tax and interpretation of legislation, we reach out to appropriate professional for advice before taking any position.

Further tax advisors and employees are required to act with integrity, maintain high ethical standards in all tax activities.

Where we claim tax incentives offered by government authorities, we seek to ensure that they are transparent and consistent with statutory or regulatory frameworks.

- 1 **Monitoring of changes to tax legislation and government policy on continuous basis**
- 2 **Integrate Tax planning into project conceptualization decision**
- 3 **To ensure that all transactions and tax positions are properly documented**
- 4 **To seek tax expert advice on matter which is reasonably unclear or uncertain**
- 5 **Use of automation and technology for Implementing effective controls and governance as well as to track compliances**

Cipla has been continuously working towards and is committed to:

Compliance with Financial and Tax Reporting Norms

We make decisions on tax matters based on a reasonable interpretation of applicable legal provisions of the country in which we operate. In doing so, we observe and adhere to the tax law, the underlying tax policy intent, and the disclosures and reporting requirements in each jurisdiction.

The OECD Inclusive Framework on BEPS has agreed on a two – pillar solution to address tax challenges arising from digitalization of global economy. It aims to ensure that multinational enterprises pay their fair share of taxes at an appropriate rate and has set a floor rate. Pillar Two introduced Income Inclusion Rule, Undertaxed payment rules Subject to Tax Rules and Qualified Domestic Minimum Top-up Tax.

While India has not started implementation of Pillar Two regulations, we are proactively analyzing and assessing impact of minimum tax framework under Pillar Two from overall Group perspective. We are also monitoring its implementation to ensure to compliance to these global reforms where applicable.

Transfer Pricing

All transfer pricing arrangements are consistent with the OECD Transfer Pricing Guidelines and in particular follow the arm's length principle. Profits are recognized in territories by reference to the activities performed there and the value they generate. To ensure the profits recognized in jurisdictions are aligned to the activity undertaken there, and in line with current OECD guidelines, we base our transfer pricing policy on the arm's length principle and support our transfer prices with economic & functional analysis and reports.

An underlying principle of transfer pricing is that two companies within the same group must act as if they were independent enterprises, with each appropriately rewarded for the functions they perform, assets they employ and risks they assume when entering into intra-group transactions. An appropriate reward is that which would be obtained in a transaction between unrelated parties. This is known as the 'arm's length' principle.

Tax Planning

The Group is committed to maximizing value on a sustainable basis for its shareholders and for any commercial transactions of wider business purpose, wherein the commercial rationale is the core for entering the arrangement. The Group does not engage in artificial tax planning, i.e., without any business or commercial substance.

Where uncertainty exists in a transaction, professional advice is sought on a transactional basis from external consultants.

The Group seeks to utilize available tax reliefs, incentives and exemptions where it reasonably believes it meets the conditions for which the legislation is intended to provide a legitimate relief. At all times, the Group seeks to be fully compliant with the applicable tax regulatory and other laws, and in a way which upholds its reputation as a responsible corporate citizen.

4. Tax Governance Framework and Risk Management

Attitude towards Risk

The Group has a low tax risk appetite and is focused on compliance. It submits tax returns according to statutory time limits and engages with tax authorities regularly to obtain certainty on its business operations. In exceptional cases, where matters cannot be settled by agreement with tax authorities, the Group may have to resolve disputes through formal appeals or other proceedings.

The Group monitors taxation policies in its key jurisdictions to deal proactively with any potential future changes in tax law.

As a Group, along with the Board, it is fully conscious of the tax litigations and advocate prudent tax compliance to better manage the tax risks. Advice is sought from external advisors where uncertainty exists to review tax legislation and the implications of its Group business to support the decisions taken by the Board.

Relationship with Governments and Tax Administration

The Group seeks to maintain open and co-operative relationships with tax authorities by providing appropriate responses to requests made and engage in full, open and dialogue with tax authorities.

It employs the services of professional tax advisors to act as its representatives, and in a number of cases they liaise with tax authorities on the Group's behalf, thereby reducing tax risk. When submitting tax computations and returns, the Group discloses all relevant facts wherever possible.

Also, the Group aims to obtain advance agreements or clearances where possible and litigation would only be considered as a last resort.

Advocating Reforms and Participation in Formal Consultation

The Group monitors government debate on tax policy in its key jurisdictions so that it can understand and share an informed point of view regarding any potential future changes in tax law. It participates in the tax authority's formal consultation process where it is expected that the matter under consultation will have a material impact on Cipla. Where relevant, it provides pragmatic and constructive business input to tax policy makers either directly or through industry trade bodies, advocating reform to support economic growth and job creation as well as the needs of its patients and other key stakeholders.

5. Basis of Preparation

1 The amounts reported in the Tax Schedule are for the period 1 April 2024 to 31 March 2025. The report has been subject to internal review and external audit by an Independent Chartered Accountants Firm, Bansi S. Mehta & Co. The Independent Auditor's Report forms a part of our disclosures below.

2 In this report, our major countries of operation for the year are defined as those that fulfill one of the following criteria:

3 For the purpose of reporting numbers under the Tax Schedule, we have used standalone information used for Consolidated Financial Statements of Cipla Limited for FY 2024-25 as prepared in accordance with accounting principles generally accepted in India and wherever necessary, the corresponding tax ledgers, tax returns, etc. were relied upon. If there is more than one group entity in a jurisdiction, the information has been reported on an aggregate basis at country level.

4 The data is reported in INR and is rounded off to nearest crores. To convert the numbers in respective jurisdictional currency into INR terms, the corresponding exchange rates for the year ended 31 March 2025 were used.

5 Our Tax Schedule has been categorized into two parts viz., 'Taxes Borne' and 'Taxes Collected' (Table 1). While 'Taxes Borne' demonstrates the cost of tax borne by us directly, 'Taxes Collected' is the amount of tax collected by us on behalf of others and subsequently paid to the governments. Additionally, we have also provided the other relevant financial information (Refer Other Key Financial Information at Page <to be updated>) to enable the better understanding of our tax contributions. Over and above the tax related contributions to the governments, we also incur some social expenditures in the form of Corporate Social Responsibility (CSR) related contributions, etc. which does not form part of our Tax Schedule below.

5. Basis of Preparation

Definitions:

A) TAXES BORNE - These include:

Corporate Tax

Taxes paid by us on the taxable profits of our group operations. This includes the amounts of withholding taxes withheld by third parties as well as related parties while making payment to us.

Since these are reported on cash basis, it may also include the amount of corporate tax which was accrued in the earlier years but paid during the year on self-assessment or assessment by the jurisdictional government. Further, wherever the past year(s) tax refund was received during the year, it has been netted off against tax paid to reflect the actual cash tax outflow.

Custom Duty:

Duties paid by us on the import of goods across a border.

Property Tax:

Property tax is an ad valorem tax assessed on real estate by a local government and paid by the property owner. These reflect the taxes paid by us as a result of occupation of land and/or property in various jurisdictions where we conduct our operations.

Social Security Contribution:

Social Security and Other Contributions include contributions made by the employer and employees to social security programmes for the benefit of employees as mandated by regulatory bodies. This includes the employer's share in provident fund, including national insurance, employee pension scheme, social security and employee state insurance. Typically, these contributions are reflected in the returns, statements and challans prescribed or approved by the concerned statutory bodies for this purpose.

The Social Security Contributions forming part of 'Taxes Borne' reflect employer's contribution to social security funds/retirement plans, etc.

Others:

Includes State Excise Duties, Fringe Benefit Tax or any other taxes paid by us on our operations.

5. Basis of Preparation

Definitions:

B) TAXES COLLECTED - These include:

Output VAT:

Value Added Tax (VAT) and Goods and Services Tax (GST), a consumption tax that is levied on the added value. Output VAT/ GST represents the tax billed by us on customers which was collected by us from customers and eventually, paid to the respective jurisdictional governments. This excludes the VAT/ GST billed by us on our invoices relating to stock transfers and inter-company transactions. We also incur VAT/ GST when purchasing certain goods and services. In most countries where we operate, the VAT/ GST collected are offset against the VAT/ GST incurred with the net being paid to the government.

We have shown only VAT/ GST collected amounts in our disclosures. We have not shown the Input VAT/ GST separately since those are largely creditable and used for making the payment of VAT/ GST collected.

Tax withheld on behalf of suppliers:

These represent taxes withheld on third party as well as related party payments and paid to the government.

Payroll Taxes:

Payroll Taxes represent taxes withheld on salary payments to individuals employed with us and paid to the governments on their behalf.

Social Security Contribution:

The Social Security and Other Contributions forming part of 'Taxes Collected' represent employees' individual contribution to social security funds/ retirement benefit plans, etc. in accordance with the respective jurisdiction's social security laws/ as mandated by regulatory bodies. Typically, these contributions are reflected in the returns, statements and challans prescribed by the concerned statutory bodies for this purpose.

Others:

Includes taxes collected at source and any other taxes collected on behalf of others and paid to the governments.

5. Basis of Preparation

Definitions:

C) OTHER FINANCIAL INFORMATION

Revenue:

Revenue is split between unrelated and related-party revenues. Unrelated revenue consists of all forms of revenue flowing from entities which are not controlled by us. Related-party revenues include revenue from our group companies. These exclude the amounts of inter-company dividend.

Profit or (loss) before tax:

The profit or loss is calculated using the respective jurisdiction accounting policy and it excludes dividend income.

Corporate income taxes accrued:

The amount of corporate income tax accruing on the operations for the reporting period. It may or may not be the same as corporate income taxes paid or refunded in the period. These exclude the amount of deferred tax and tax paid on dividend income in accordance with the guidance provided under GRI 207 and Guidance on Country-by-Country Reporting: BEPS Action 13.

Stated capital and accumulated earnings:

The amount of capital invested in Cipla Limited and our group companies and the earnings accumulated from our operations. The amount of Stated Capital includes the share application money as well as the securities premium. The amount of accumulated earnings includes all other reserves, distributable as well as non-distributable reserves (except for securities premium which has already been considered in the Stated Capital).

Employees:

The number of employees indicate the number of average employees employed with us during the year ended 31 March 2025, on the basis of the normal work jurisdiction of the employee. It also includes the employees working with us on contractual basis.

Tangible assets:

Includes Property, Plant and Equipment as defined in the respective jurisdiction's accounting policies, Tangible Capital Work-in-Process, Right of Use Assets and Inventories as on 31 March 2025.

8. Independent Auditor's report

To
The Board of CIPLA LIMITED

Report on the audit of the Tax Schedule included in the Tax Transparency Report 2024-25

We, BANSI S. MEHTA & CO., Chartered Accountants, have been appointed by Cipla Limited (hereinafter referred as the "the Company") to issue a Report expressing our opinion on the accuracy of the Tax Schedule for Financial Year 2024-25 (hereinafter referred together as the "Statement") prepared by the Management, which forms part of its Tax Transparency Report for Financial Year 2024-25.

Management's Responsibility

The preparation of the Statement in accordance with the Basis of Preparation is the responsibility of the Management of the Company including the preparation and maintenance of all accounting and other relevant supporting records and documents supporting its contents.

The Management's responsibility includes designing, implementing, and maintaining internal control relevant to the preparation and presentation of the Statement, and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances.

Auditors's Responsibility

Our responsibility is to provide a reasonable assurance as to whether the Statement is prepared in accordance with the Basis of Preparation.

We have conducted our examination of the Statement in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) I, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

Based on our examination, as above and according to the information and explanations and representations given to us, we are of the opinion that the Statement is prepared, in all material respects, in accordance with the "Basis of Preparation". Our opinion has been formed on the basis of, and is subject to, the matters outlined in this report. This report is not issued under any statute/law.

Restriction on Use

This report has been issued at the request of the Company solely for the purpose of forming part of the Tax Transparency Report for the Financial Year 2024-25 and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

This report is not issued under any statute/law.
