

Letter No: Cipla/26-27/04
Date: 01.06.2026

To,
Ministry of environment, forest & climate change,
Regional Office (Southern Zone),
Kendria sadan, IVth floor, E&F wings, 17th Main road,
IIInd Block, Koramangala,
BANGALORE - 560034.

Sub: Proposed change in Product Mix for "Bulk Drugs and intermediates "at Sy. No.30/1,30/2,30/3,30/04,31/1,31/2,39/1,39/2,40/1, Virgonagar industrial area, old madras Road, Virgonagar, Bengaluru East taluk, Bengaluru district & Karnataka by M/s Cipla Ltd. Half yearly EC compliance report.

Ref: No. SEIAA 30 IND 2020 issued on Dated 11.08.2020

Dear Sir/Madam,
With reference to the above subject, please find enclosed half yearly EC compliance report for the year of October-2025 to March-2026.

This is for you Kind perusal.
Thanking you,
Yours faithfully,
For CIPLA LIMITED.

Pradeep Gupta
Authorized Signature

ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY – KARNATAKA
 (CONSTITUTED BY MOEF, GOVERNMENT OF INDIA, UNDER SECTION 3(3) OF E (P), ACT 1986)
 NO. SEIAA 30 IND 2020 Dated :11-08-2020.

Date: 01.06.2026

I.	Statutory compliance	Compliance
i.	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.	Not applicable. The proposed project does not require forest clearance under the provisions of the Forest (Conservation) Act, 1986, as no forest land is involved.
ii.	The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.	Not applicable. The proposed project does not require clearance from the National Board for Wildlife.
iii.	The project proponent shall prepare a Site- Specific Conservation plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan/Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (in case of the presence of schedule-1 species in the study area).	Not applicable, as the proposed project does not require clearance from the National Board for Wildlife.
iv.	The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned state pollution Control Board/Committee.	AW-325339 Valid up to: 30/06/2026
v.	The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.	Authorization No: 326736 Valid up to: 30/06/2026
vi.	The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989	Noted and being followed.

ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY – KARNATAKA
(CONSTITUTED BY MOEF, GOVERNMENT OF INDIA, UNDER SECTION 3(3) OF E (P), ACT 1986)
NO. SEIAA 30 IND 2020 Dated :11-08-2020.

Date: 01.06.2026

II.	Air quality monitoring and preservation	
i.	The project proponent shall install 24*7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these systems from time to time according to equipment supplier specification through labs recognized under Environment (Protection) Act 1986 or NABL accredited laboratories.	Installed Online Continuous Emission Monitoring System (OCEMS) for six process stacks (photographs attached as Annexure-I).
ii.	The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognized under Environment (Protection) Act, 1986.	Monitoring of fugitive emissions in the plant premises is carried out by a recognized laboratory in accordance with the Environmental (Protection) Act, 1986. The reports are attached as Annexure II .
iii.	The project proponent shall install system to carryout Ambient Air Quality monitoring for common / criterion parameters relevant to the main pollutants released (e.g. PM10 and PM2.5 in reference to PM emission, and SO2 and NOx in reference to SO2 and NOx emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120 each), covering upwind and downwind directions.	Ambient air quality is regularly monitored inside and outside the plant area, including upwind and downwind locations.
iv.	To control source and the fugitive emissions, suitable pollution control devices shall be installed to meet the prescribed norms and / or the NAAQS. Sulphur content should not exceed 0.5% in the coal for use in fired boilers to control particulate emissions within permissible limits (as applicable). The gaseous emissions shall be dispersed through stack of adequate height as per CPCB / SPCB guidelines.	To control fugitive emissions, the following measures have been implemented at the site: 1. Closed-loop system is in place for chemical handling. 2. Preventive maintenance schedule is maintained for all equipment to address leakages and ensure timely repairs.

ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY – KARNATAKA
(CONSTITUTED BY MOEF, GOVERNMENT OF INDIA, UNDER SECTION 3(3) OF E (P), ACT 1986)
NO. SEIAA 30 IND 2020 Dated :11-08-2020.

Date: 01.06.2026

		3. Adequate stack height has been provided for all DG sets, boilers, and process vents; additionally, suitable acoustic enclosures are installed for DG sets. 4. PNG (Piped Natural Gas) cleaner fuel is used for boilers
v.	Storage of raw materials, coal etc. shall be either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions.	Adequate storage facilities, including tanks, underground tanks, and warehouses, are provided for raw materials, APIs, and packing materials. Corrosive and other hazardous chemicals are stored separately in designated areas.
vi.	National Emission Standards for Organic Chemicals Manufacturing Industry issued by the Ministry vide G.S.R. 608(E) dated 21st July 2010 and amended from time to time shall be followed.	National emission standards for bulk drugs and formulations are monitored in the manufacturing facility.
vii.	The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826 (E) dated 16th November 2009 shall be complied with.	Ambient air quality is monitored in accordance with National Ambient Air Quality Standards (NAAQS), and the reports are attached as Annexure III .
III.	Water quality monitoring and preservation	
i.	The project proponent shall provide online continuous monitoring of effluent the unit shall install web camera with night vision capability and flow meters in the channel / drain carrying effluent within the premises (applicable in case of the projects achieving ZLD)	Online continuous monitoring of treated effluent is ensured through the installation of flow meters and PTZ cameras.
ii.	As already committed by the project proponent, Zero Liquid Discharge shall be ensured, and no waste / treated water shall be discharged outside the premises (applicable in case of the projects achieving the ZLD).	ZLD is maintained, with no waste or treated water discharged outside the premises.

ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY – KARNATAKA
(CONSTITUTED BY MOEF, GOVERNMENT OF INDIA, UNDER SECTION 3(3) OF E (P), ACT 1986)
NO. SEIAA 30 IND 2020 Dated :11-08-2020.

Date: 01.06.2026

iii.	The effluent discharge shall conform to the standards prescribed under the Environment (Protection) Rules, 1986, or as specified by the State Pollution Control Board while granting Consent under the Air / Water Act, whichever is more stringent.	Treated effluent quality is regularly monitored, and all parameters are within the prescribed limits. The analysis report is enclosed as Annexure IV .
iv.	Total fresh Water requirement shall not exceed the proposed quantity or as specified by the Committee. Prior Permission shall be obtained from the concerned regulatory authority / CGWA in this regard.	The consumption of fresh water is within the approved quantity, with permission obtained from the relevant authority.
v.	Process effluent / any wastewater shall not be allowed to mix with storm water. The storm water from the premises shall be collected and discharged through a separate conveyance system.	Noted and being followed.
vi.	The Company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and utilize the same for different industrial operations within the plant.	Noted and being followed.
vii.	The DG sets shall be equipped with suitable pollution control devices and the adequate stack height so that the emissions are in conformity with the extent regulations and the guidelines in this regard.	DG sets are equipped with adequate stack height and retrofitted acoustic enclosures.
IV. Noise monitoring and prevention		
i.	Acoustic enclosure shall be provided to DG set for controlling the noise pollution.	Acoustic enclosure has been provided to DG set for controlling the noise pollution.
ii.	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.	Noted and is being followed, the industry has provided acoustic enclosures to or measures to control noise levels generated from the plant and ensured that the ambient noise levels is within the standards specified.
iii.	The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz.	Noted and being followed, Noise level reports attached as Annexure -V

ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY – KARNATAKA
(CONSTITUTED BY MOEF, GOVERNMENT OF INDIA, UNDER SECTION 3(3) OF E (P), ACT 1986)
NO. SEIAA 30 IND 2020 Dated :11-08-2020.

Date: 01.06.2026

	75 dB(A) during daytime and 70 dB(A) during nighttime.	
V.	Energy Conservation measures	
i.	The energy sources for lighting purpose shall preferably be LED based.	Noted & implemented. ISO 50001 energy Management System is implemented at Site.
VI.	Waste management	
i.	Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm and the solvent transfer through pumps.	Noted. Flame arresters are provided.
ii.	Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic & evaporation salt shall be disposed off to the TSDF.	The process organic residue and spent carbon is being sent to KSPCB authorized vendors for co-processing. ETP sludge and evaporation salt is being disposed to TSDF.
iii.	The company shall undertake waste minimization measures as below: -	
a.	Metering and control of quantities of active ingredients to minimize waste.	All measurable instruments are available at the facility; Batch wise quantity is closely monitored.
b.	Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.	Noted, there is no such kind of byproducts generated while manufacturing APIs.
c.	Use of automated filling to minimize spillage.	Solvent Batching System in place.
d.	Use of Close feed system into batch reactors.	Powder Transfer System (PTS) and closed loop pipeline systems (solvent batching system) are installed at batch reactors.
e.	Venting equipment through vapor recovery system.	Vapors are vented through vapor recovery systems such as primary and secondary condensers.

ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY – KARNATAKA
(CONSTITUTED BY MOEF, GOVERNMENT OF INDIA, UNDER SECTION 3(3) OF E (P), ACT 1986)
NO. SEJAA 30 IND 2020 Dated :11-08-2020.

Date: 01.06.2026

f.	Use of high-pressure hoses for equipment clearing to reduce wastewater generation.	Being followed.
VII.	Green Belt.	
i.	The green belt of 5 - 10 m width shall be developed in more than 33% of the total project area, mainly along the plant periphery, in downward wind direction, and along roadsides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department.	Complied, we have more than 33% green belt at site. Continual efforts are put to increase the Green Belt. Photographs enclosed as per Annexure-VI .
VIII.	Safety, public hearing, and Human health issues	
i.	Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Management plan shall be implemented.	Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Management plan are being implemented.
ii.	The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Firefighting system shall be as per the norms.	The unit will make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Firefighting systems are as per the norms.
iii.	The PP shall provide Personal Protection Equipment (PPE) as per the norms of Factory Act.	The Personal Protection Equipment (PPE) has been provided as per the norms of Factory Act.
iv.	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.	Noted. Pre-employment and routine periodical medical examinations (Half yearly & annually) for employees are being done. Trainings are being imparted on regular basis.
v.	Provision shall be made for the housing of construction labor within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water,	Noted, followed.

ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY – KARNATAKA
(CONSITUTED BY MOEF, GOVERNMENT OF INDIA, UNDER SECTION 3(3) OF E (P), ACT 1986)
NO. SEIAA 30 IND 2020 Dated :11-08-2020.

Date: 01.06.2026

	medical health care, creche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.	
vi.	Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.	Noted and is being followed.
vii.	There shall be adequate space inside the plant premises earmarked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places.	Noted and complied.
IX.	Corporate Environment Responsibility	
i.	The project authorities shall undertake activities under Corporate Environmental Responsibility (CER) with a total cost of not less than Rs.1.5 Lakhs towards CM Cares funding accordance with O.M.F. No.22-65/2017-IA.III dated 01st May 2018 and report be submitted to the Authority.	Noted, and complied. Enclosed as Annexure-VII
ii.	The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements / deviation / violation of the environmental / forest/ wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest/ wildlife norms/ conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF & EC as a part of six-monthly report.	Environment, Health & safety Policy approved by the Board of Directors and available at site. Company has defined system of reporting infringements / deviation / violation of the environmental / forest/ wildlife norms/ conditions and / or shareholders / stake holders.
iii.	A Separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.	A separate Environmental Cell booth at the project and company head quarter level have been formed. ANNEXURE: VIII

ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY – KARNATAKA
(CONSTITUTED BY MOEF, GOVERNMENT OF INDIA, UNDER SECTION 3(3) OF E (P), ACT 1986)
NO. SEIAA 30 IND 2020 Dated :11-08-2020.

Date: 01.06.2026

iv.	Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry / Regional Office along with the Six-Monthly Compliance Report.	Noted and being complied. Environment management plan & investments during reporting period cost attached ANNEXURE - IX
v.	Self-environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.	Noted and being followed.
X.	Miscellaneous	
i.	Effort shall be made to replace Hexane, Toluene and Bromine by alternatives as per the SEAC condition.	Noted. We will put our effort to replace Hexane & Toluene. However, Bromine is not used in the process.
ii.	The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District of the State, of which one shall be in vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.	Complied, enclosed Annexure-X
iii.	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of Local bodies, panchayats and Municipal bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.	Submitted to directed offices.
iv.	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on	Noted and complied.

ENVIRONMENTAL CLEARANCE COMPLIANCE REPORT

(CONSTITUTED BY MOEF, GOVERNMENT OF INDIA, UNDER SECTION 3(3) OF E (P), ACT 1986)
NO. SEIAA 30 IND 2020 Dated :11-08-2020.

Date: 01.06.2026

	their website and update the same on half-yearly basis.	
v.	The project proponent shall monitor the criteria pollutants level namely, PM10, SO2, NOX (ambient levels as well as emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.	Noted and complied.
vi.	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest, and Climate Change at environmental clearance portal.	Noted and being followed.
vii.	" The HYCRs with its content of covering letter, compliance reports, and environmental monitoring data must be in PDF format merged into a single document. The email should clearly mention the name of project, EC No and date, period of submission and to be sent to the Regional Office of MOEF and CC by email only at email ID ros2.bng-mefcc@gov.in Hard copy of HYCRs shall not be acceptable".	Noted and complied
viii.	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.	Noted and complied.
ix.	The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.	Noted and being followed. There is no new projects at site.

Date: 01.06.2026

x.	The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.	Noted and being complied.
xi.	The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.	Noted and being followed.
xii.	No further expansion or modifications in the plant shall be carried out without prior approval of this Authority or the Ministry of Environment, Forests, and Climate Change (MoEF & EC)	Noted and being followed.
xiii.	Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act 1986.	Noted.
xiv.	The SEIAA may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.	Noted.
xv.	The SEIAA reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.	Noted.
xvi.	The Regional Office of MoEF & CC shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer(s) of the Regional Office by furnishing the requisite data information/monitoring reports.	Noted and being complied.
xvii.	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of pollution) Act 1981, the Environment (Protection) Act, 1986, Hazardous and Other Waste (Management and Transboundary Movement)	Noted.
