

Investor Presentation

Q3 FY 16 Earnings Release

10 February 2016

Except for the historical information contained herein, statements in this presentation and the subsequent discussions may constitute "forward-looking statements". These forward-looking statements involve a number of risks, uncertainties and other factors that could cause actual results to differ materially from those suggested by the forward-looking statements. These risks and uncertainties include, but are not limited to our ability to successfully implement our strategy, our growth and expansion plans, our ability to obtain regulatory approvals, technological changes, cash flow projections, our exposure to market risks as well as other risks. Cipla Limited does not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date thereof."

In Q3, Cipla achieved income from operations of Rs 3,107 crores; 12.3% growth vs. last year. Growth remains on track

- Impact to revenue due to change of distribution policy
- Excluding impact of distribution policy changes, our domestic business has grown at ~11%
- Export business growth of 28% driven by strong performance in South Africa and Emerging Markets; growth of tender business resulting in adverse product mix at gross margin level
- Quarter includes base level of Esomeprazole that is expected to continue
- YTD FY 2015-16 income from operations of Rs. 10,412 Cr; 26.2% growth over last year

Q3 FY 2015-16 EBITDA margin of 14.6%, as compared to 20% in Q3 FY 2014-15 as Company invests for the future

- Base business EBITDA margin level of 17-18%
- R&D project expenses up ~85% yoy; R&D at ~8% of revenue for quarter 2015-16 vs. ~6% last year
- YTD FY 2015-16 EBITDA margin of 21.9%, as compared to 20% in YTD FY 2014-15

Outlook for FY 2015-16 remains unchanged

- Focus on complexity reduction and enhancing base business profitability through portfolio rationalization, pricing improvement and cost optimization
- Accelerated investment in R&D, Consumer Healthcare and Biologics

India YTD Sales (Rx and Gx)

Rs. crore

- India Rx and Gx Business impacted due to distribution policy changes
- Excluding impact of distribution policy changes, YTD the Rx business has grown ~13% and the Gx business has declined ~9% yoy
- 18 out of 22 brands of Cipla in top 300 have outperformed the respective markets.
- Strong respiratory performance with gain in MDI market share
- New introduction contribution in Rx continues to increase qoq from 3% in Q1 to 3.6% in Q3.
- Continue to build on our launch excellence and robust pipeline in Hepatitis C portfolio with HepCvir + Ledipasvir / Daclatasvir combinations
- Therapies such as Gastro, Urology, Derma and Pediatrics identified as strategic focus areas
- Partnerships marked Cipla's entry in new areas – Cutisera in cosmetology, Nasovac S in Vaccines , Reteplase in Anti-Thrombolytic

South Africa YTD Sales

ZAR mn

- Strong sales growth across both private market & tender business
- Tender business ~30% of YTD revenues; significant growth in Q3
- TEVA agreement gaining traction; strong performance on products like Copaxone
- Continue to capitalise on our strong respiratory base
 - Low Respiratory Tract volume market share of ~40% in the MDI segment.
 - Seroflo shows strong growth across both MDI and DPI segments.
- Recently invested in a state-of-the-art Distribution Centre facility, doubling our existing capacity. In-house distribution is a competitive advantage, helping improve customer service levels, enhance compliance, as well as reducing cost of distribution
- Through an exclusive agreement with Serum Institute, Cipla has introduced low cost vaccines into the SA market.
